

## Support For Community Development Foundation (SCODEF)

Support for Community Development Foundation (SCODEF Development Ltd) is a nonprofit rural community-based organization, which is an Umbrella organization for development associations. We have achieved a tremendous success since 2019. This organization is involved at National and District level humanitarian community services deliverance to civilians in Uganda. We combine views of the poor both women and men for available resources for development.

In this new dispensation, we give supervisory assistance and assist in resetting and rehabilitating the community people of Uganda. SCODEF Developments was formed out of a need to peacefully influence government decisions on resource mobilization and utilization for rightful and sustainable development.

As the name suggests, SCODEF means *Support for Community Development Foundation*.
